their way to the polls, or if they had been to the polls?

_____COn their way to the polls we hended them this literature

. 操 Were those voters intimidated in any way, in your opinio

A I wouldn't know. - I do know that a number of times just

the day before, a man living in the house came over and we had a

voting machine and we tried to show him how to vote, and he was so

efraid - we were trying to impress upon him that the vote was secre

once they pulled that curtain. They told these poor ignorant people

that they could tell by the "click" which line they are voting on.

We were trying to impress them, end he said, "Well, I am so afraid

After all, I am living in the project, and you know what they can do to me."

Q the was a tenant there at that rederal project?

A Yes. There is no questioning the feer. Marcantonio pabullt up his following in two Ways, all With texpayers money; до projects and the welfere department. Take those two things away. from him. Nobody could get welfare or go on relief or get an old

 - 🕶 Q 🛴 Where is his parish?

A per lie is at St. Stephen's of Hungery, 82d Street hear East Knd Avenue. The housing project should be looked into. There are a lot of people living there who earn more than they should to live there, but they cannot be moved. I would like to know how much atlas was getting when he went in there.

 - St: Stephen's of Hungary is at hit Eest 82d Street:
 Pether Finley was very active during the warr
- I am told that a great many of hargantonio's people don't work, and any cop will tell you that those people don't work but the always seem to have money shi have no reans of a livelihood.

 - ty ... Vas this work entirely voluntary on your terty ...
- A I have been fighting Parcentonio for 12 years. I can't help if they kick him out of the Republican party, and then the Democrate-pick him up: 1 elways resented laGuardia and Parcantonio.
 - Q Not all the Democrats took him over.
- Two years ego he randon all three tickets end won all three, and that as neddening. It is enough to get any American upset; to have snybody go in on all three. That is the first time it ever happened. The Recubicans were so sure that he could win that they didn't work very hard. I carried my district 7 to legalist him, but a lot of them didn't.

Did Marcantonio have a large number of workers?

Inousends. To got them from all over, he was in a different position. I don't make any difference between the American Lebor Party and the Committee Perty. I think it is all the same. Now they control our primaries is that they have so many people they think that they have so many people that they need and they have them enrolled as Republicans and a percentage of the John S'Connor was running the last time, they had 2,700 people that they Moved into the district, enrolled them a year before election, and with the Democrats it was the same way. In this election. You saw people you haver saw in the neighborhood if fived in the helphorhood for so many years, since 1928, so you set to know the kind of people that are in the neighborhood.

- Was that shortly before the election?
- A Yes You are talking about workers in the Campaign of The pad vill as a speaker, the header of the Transport Workers. Then the canvassers called on me as a voter in the district to vote for Marcantonio They couldn't speak English. You knew that they didn't be long in the neighborhood. They were union workers or workers from outside the district. He had 2,000 or 3,000 canvassers in the
 - yould those people work without being paid?
 - A ... I imagine they would. Those Communists are fenetics.
 They work night and day. The last benvesser that came to me was a women and she certainly never lived in the district, and she was making calls on people in the block, and the people on the other.

 Of third Avenue tell me that they were canvessing there.
 - They had canvassers walling on them 3, 4 and 5 times?

- A 3 and 4 different people would call.
- Q ... Did anybody ask you to sign a pledge pard?
- A They did, for Marcantonio.
- Q: ्रां Did Bryan have any such pledge cards?
- A ... He had them on the primary, and he had them in the election, too. I didn't have much to do with canvassers.
 - Did Bryan have to circulate petitions in order to get a certain number of signatures and then get his name on the ballot?

 A ** Yes.*
 - Th addition, did Bryan also have people that went around to canvass?
 - a Yes.
 - Yote for Bryan?
 - A SELEVIOR
 - Q _ Did you sign one yourself?
 - A Parallo.
 - Q Did you see the Marcantonio pleage card?
 - A Yes. I got it in the mail.
 - Q ______Dld you get one of those (handing leaflet)?
 - And No. I didn't get one of these. Mine was a little blue gard, sail remember it.
 - Q what did it have on it?
 - A Just that you pledge yourself to wote for Marcantonio.
 - Woman or a man, or both that called on you?
- A .- There were two people I saw. Aly housekeeper said there were a couple of others that came .- to vote for Marcantonio.

There was a man that I saw and this woman.

- to you, did they make any threats?
- of a house.
 - 4 Just a certain olass of people?
 - A Les
 - Rill& & Would you say cilliterate or ignorant people?
- Hall day Sundays in the lower end of the district, and also in the upper end of the district on Saturdays, and I am told that anywhere in the 1000 to 600 beople go through that place asking layors of him.

 Anyone he does a favor for he has a cerd file. There are so many withings and the primary, for instance, he served these subpoenes.

 It might be on any infaction You can't live without having committed an infraction of some minor law. Then they have to go around to headquarters and get it fixed.
 - Q lo Marcantonio a headquerters?
 - The neighbors say that each less are the same way with meller. The neighbors say that ell you have to do is see Marcentonic and he will get it for you, sho, they go to parcentonic and I am told all during the year there is a constant parade of people coming in to see him, and in a one of the letters he says that he tells you how much time he spends in his district. Of course, there is no other Congressmen that has every done it that I know of, and I am told that he comes up the practically every might from washington; he flies up
 - C. Where are these headquarters that these people go to?

- A ... That is somewhereneer the project, the one downtown.
- have Hannigan's petition declared invelid?
- eubpoens, and in order to get out of appearing in court, they go to harcentonio. If they voted for Larcantonio, that is one way to save themselves, they are told.
- In your opinion, was that election of Movember 5th a free
- Ricens were brought into this country before registration day?
 - When did the registration books close?
- A Cotober 12.
 - That was after the primary and before the election?
- where you are going to get your information if you check on how many people dame in. They come in without a passport from Forto Rico. It was flying up to Saranac in September and I saw all these porto. Hicans at I never saw so many PortoRicens at Laguardia Field so I mentioned it to the chap from the company whire I was taking the airplane and I said. Where do they get money to come up: " These people were soming up from Porto Rico and vere the poorest looking trash you ever saw getting off these plenes. That I shappening all the fine and this man told me that and he said. I don't know why

they are coming up or where they get the money, but they are coming up. Then I saw in the paper something that said 3,000 a month and somebody told me that it was costing Marcantonio \$500 to bring a family up. Percantonio was alleged to be the backer of all of these people comingup here from Porto Rico.

They all went to his district?

I don't know.

They didn't settle anyplace else?

They were taken up in pusloads. I said, "Where ere they going to get living quarters?" That is where he got his big yote, in the Porto Rican District. We got the big vote downtown, and he got the big yote up there, much bigger than we expected him to get.

1. **In your opinion was the attack on Scottoriggio motivated by political considerations?

Definitely.

. Do you have any opinion as to what group of political.

A wamy own opinion is that I think they were not natives that did it; not natives of the district.

To There they imported hoodlums?

A > Yes, and apparently very victous ones because his face was beeten to a pulp.

EDId you go to the hospited -to see him?

No. I didn't see him at the hospital. He was not conscious and I couldn't go, but I did see him when he was laid out

- You said they might have been imported? Would that be for the reason they would not be identified?
- reeting, they were so vicious that once they started they couldn't stop.
- Would it be necessary to go out of the District to locate a person who would do a job like that?
- Yes The only thing is that they wouldn't be so quickly ldentified. In case anybody did see them, say Hennigen or anybody could identify them and say that so and so was hanging on the sorper.
 - o what is your strill at lon. Are you a registered Republican
- That Goesn't say I slways foted for Republicans. I hever voted for anybody that took the American Labor Party line.
 - The How long have you been in business in New York?
- A sessince 1915. I have always been interested in politics. I am not always as active as I am on something like this. I never held a political job nor sought one.
 - Stou never acught political favorat

iked Marcantonio or whether they could get fevers from crantonio.

- They might be afraid of Fercantonio?
- A. They might have been, yes.
- Q That would be one of your conclusions?
- I don't know why anybody who is in a party would doublecross the party. Why they don't get out end do simething about it

 - A. That was Scotty'd district.
 - Q pid Scotty ever refer to Levy in any conversations?
 - . A. . No. He said a lot of captains take on jobs and don!t
 - Q Was Scotty working without pay?
 - Kind of person who does segood a job at he can and takes great gride in accomplishing a good job, whether it be for pay or not.
 - W Do you know his brother Nethan?
 - Slightly.
 - iq : He was also an election district captain?..

 - 'o That would apply to Marcantonio's party or any party?

a Do you think that Joseph Scottoriggio was singled out

Yes, because he wasmore active and couldn't be reached.
He was outspoken in his opposition to Marcantonio.
